I don't know what it is you are planning to do with Satellite Radio but I can tell you that Satellite radio is the best thing since sliced bread and the internet! What happened to the first amendment? What happened to this being the USA? All I know is that I don't listen to local radio any longer because local radio sucks. I subscribe to Satellite radio because it is commercial free. I choose to pay not to listen to commercials! There is enough advertising in the world with billboards, jumbotrons, TV and local radio. LEAVE SATELLITE RADIO ALONE! It's a subscription service and for those who choose to pay, it is a wonderful experience.
